Waiting for more reports before I would post but seems the posts are drying up.

Here is my report for Nov 2005:

HIVA 80 HNL to Lihue Hawaii using 757 time 30 minutes. Followed this by HIVA 81 Lihue to HNL as return flight same 757 35 minutes. Some wind turbulence on landing otherwise no issues.

2 flights 65 minutes.

Hello all,

I regret that I was unable to do any flights for the month of November due to my college and work schedule. Hopefully I will be able to fly in the month of December.

Always be safe and have fun flying
